Two powerful films will be presented by No-till On The Plains, USDA NRCS, and the Oklahoma Association of Conservation Districts.

USDA Natural Resources Conservation Service (NRCS) presents a documentary on soil conservation pioneer Hugh Hammond Bennett, the history of the agency and the birth of the private lands conservation movement in the U.S.

The new documentary Rancher, Farmer, Fisherman tells the inspiring story of heartland heroes who are feeding the world while stewarding the land and water. A Montana rancher, two Kansas farmers, and a Louisiana fisherman offer inspiring solutions to the challenges confronting America's land and sea in Discovery's Rancher, Farmer, Fisherman.
